

For this month when you buy a new Sectional Door / Merlin motor combo you can choose one of three special offers.

There is a limited number of these available so talk to us today to arrange a measure and quote.

Merlin Wireless Security Keypad

Enables convenient and safe access to your garage without using a remote or key.

No need to carry remotes
with you on your walk.

Merlin Remote LED Light

Ultra bright LED light designed to illuminate your garage or workspace.
Control with your handset or myQ app.

Simply pugs into any power point.

Merlin Battery Backup

Get in and out even when there is no power.
If the power cuts the BBU automatically takes over control of your garage door motor. No need to operate the door manually.
